### PROFILE

I'm a 6th semester student of Information Systems student at Brawijaya University who has an adaptive personality, responsible, and enjoys building new relationships, working together, and learning new things. So far, I have contributed in various positions in the organization, such as in the field of Student Advocacy and Welfare and Secretariat and Spirituality. In addition, I had the opportunity to be a practicum assistant in the faculty for 1 year. I have strong skills in administration, data management and recap, video content creation, research and analysis, database fundamentals, structured modeling, and object-oriented modeling. In addition, I also have outstanding abilities in leadership, cooperation, public relations, and marketing. I have career interests in administration or office work, digital marketing (especially video content creation and copywriting), and IT, including roles as a data analyst, business intelligence, or project manager. Through my participation in Coptera Carrer Virtual Internship, I'm confident in my ability to contribute meaningfully in my role as an event specialist intern. This program serves as a platform for me to apply my knowledge and skills in real-world scenarios while supporting impactful and innovative projects. It also acts as a stepping stone for my professional growth, enabling me to gain sustainable expertise and valuable experience in these fields. I am also open to other career opportunities that can support my continuous professional development.

### EDUCATION

**Brawijaya University** – Malang, Indonesia

Expected 2026

*S1, Information System*

Current GPA: 3.93

**Senior High School 1 Denpasar** – Denpasar, Bali

July, 2019 – May, 2022

*Science*

### EXPERIENCE

**Laboratory Teaching Assistant – Information System Engineering**

August, 2024 – December 2024

- Supported over 10 students in understanding system development methodologies, including analysis, design, and implementation phases, through practical guidance and mentoring.
- Conducted hands-on sessions focusing on modeling tools and techniques such as UML diagrams and system prototyping to enhance students' technical skills.
- Collaborated with lecturers to design and deliver instructional materials, ensuring alignment with curriculum objectives and evaluating student deliverables for progress tracking.

**Laboratory Teaching Assistant – Basic Database**

February, 2024 – June, 2024

*Faculty of Computer Science, Brawijaya University*

- Conducted comprehensive DBMS and SQL practice sessions for 40 students, focusing on building a strong foundational understanding
- Designed and implemented a specialized practice lab aimed at enhancing student practical skills in database management

- Introduced real-world case studies to the curriculum to improve students problem-solving abilities and application of theoretical knowledge

### **SIGAP App – UI/UX Project**

April, 2024 – June, 2024

- Developed a mobile application utilizing AI-based technology as a UX Writer
- Integrated data from BMKG and BNPB to improve disaster preparedness and response
- Focused on ensuring users are equipped and ready for emergency situations

### **Master of Ceremonies at Material Provision MMD FILKOM**

June, 2024

*Faculty of Computer Science, Brawijaya University*

- Assisted in launching two Village Development (MMD) student briefing events at the Faculty of Computer Science, engaging with over 800+ students from the 2022 intake who will participate in MMD
- Fostered a semi-formal atmosphere conducive to effective communication and engagement

### **Master of Ceremonies at AMD Classroom**

May, 2024

*Advanced Micro Devices (AMD)*

- Assisted AMD in promoting the Ryzen 7000 Series processor products to an audience of 200+ Computer Science students at Brawijaya University
- Created a semi-formal atmosphere that balanced professionalism with approachability
- Effectively supported product promotion efforts, ensuring clear communication and engagement with the audience

### **Presenters of Hinduism at Krida Student Department FILKOM**

November, 2023

*Badan Eksekutif Mahasiswa FILKOM*

- Provided spiritual material to 20+ new Hindu students of the Information Systems Department
- Assisted students in maintaining their religious practices while studying away from home
- Facilitated a joyful and engaging discussion environment
