Perumahan Bumi Asri L-17 Kaliombo Kota Kediri

I am an active student at Brawijaya University, majoring in Information Systems under the Faculty of Computer Science. I am also a graduate of SMK Telkom Malang. I have a strong interest and skill in developing applications/websites, such as UI/UX Design. With the interest, skills, and experience gained during my time in high school and university, I am capable of designing attractive user interfaces and creating efficient and user-friendly systems.

Experiences

Website TerapiKita for Information Systems Analysis and Design Course

Mar 2024 - May 2024
