## PROFILE

Information systems student from IBBI University with experience in UI/UX Design and Graphic Design. Skilled in visual design mobile layout using Figma and Adobe XD, developing mobile designs, and planning user flow. I am currently seeking to further develop my UI/UX Design skill and my Graphic Design skills through an internship opportunity in a professional setting.

---

## EDUCATION

### IBBI UNIVERSITY

Medan, North Sumatera

Current GPA : 3.72/4.00.

Relevant Courses : User Experience, Practical User Experience, Graphic Design, UI/X Design.

---

## PROJECT

### UI/UX DESIGN MOBILE - GREEN AND GOODS GROCERY

- Designed the UI of an online shopping app called "Green and Goods Grocery," which focuses on the ease of users to buy daily necessities such as fruits, vegetables, and other fresh products

### FURNITURE SHOPPING APP UI DESIGN

- Designing a user interface (UI) for a modern and elegant furniture shopping app. The project focuses on providing a convenient shopping experience and attractive visuals for customers to choose and purchase furniture easily.

### DUNIA BONEKA E-COMMERCE UI/UX DESIGN

- Developed a UI/UX design for the "Doll World" app, an online shopping platform that sells dolls and custom gifts. The design is made with a user-friendly approach, suitable for different ages, with a cheerful aesthetic and a focus on ease of navigation.
