*Data Analyst*

Pantarlih (Voter Data Updating Officer) is an official responsible for matching and verifying (Coklit) voter data to update the Voter List for the Regional Elections (Pilkada). Pantarlih operates under the Polling Committee (PPS) and plays a crucial role in ensuring that the voter list is accurate, valid, and up-to-date.

- Matching voter data with the voter list provided by the General Election Commission (KPU).
- Marking voters who are no longer eligible (deceased, relocated, active military/police personnel, or disqualified for other reasons).
- Correcting errors in voter data (e.g., incorrect name, address, or identification number).

**Bawaslu RI - Bekasi**

Nov 2023 - Apr 2024

*Monitoring Officer*

A Polling Station Supervisor (Pengawas TPS) is an official appointed by Bawaslu (Election Supervisory Body) to monitor the voting and ballot-counting process at each polling station on election day. Polling Station Supervisors are responsible for ensuring that elections are conducted honestly, fairly, transparently, and in compliance with regulations.

- Making sure the polling station is set up according to the regulations established by the KPU and Bawaslu.
- Preventing practices such as vote-buying, intimidation, or other violations at the polling station.
- Monitoring the recording of vote results on Form C1 to prevent data manipulation.
- Reporting violations to the District Election Supervisory Committee (Panwaslu) or Bawaslu according to procedures.
